Budget Billing Agreement

Name

Address

City

State

Zip

Account Number

Email

To arrive at a fair budget billing payment, your kWh usage (or consumption) is averaged for the past twelve months. The averaged amount is due each month regardless of your arrears. You may also select a due date to fit your financial circumstances. As long as these obligations are met, no penalties are assessed. You will still receive a bill each month showing your current charges and budgeted amount. The account will be reviewed and a new budget amount calculated annually.

Monthly Budget Amount

**Note: this amount may be evaluated at any time during the year.*
